Coal production in the Seventh Plan period

1538. SHRI K. VASUDEVA PANICKER: Will the Minister of ENERGY be pleased to state:

(a) whether the coal production in the Seventh Plan period is likely to fall short of target by about 58 million tonnes due to delays in the acquisition of land and starting of new projects; and

(b) if so, what steps have been taken in this regard?

THE MINISTER OF ENERGY (SHRI VASANT SATHE): (a) and (b) According to Mid-Term Appraisal exercise carried out by the Coal India Limited and Singareni Collieries Company Limited, the coal production in 1989-90 is estimated to be 214.80 million tonnes as against the Seventh Plan target of 220 million tonnes for Coal India Limited and Singareni Collieries Company Limited together. Thus a marginal shortfall of 5.20 million tonnes is likely to occur in coal production in 1980-90. The coal companies will make efforts to make good this shortfall by taking steps such as, accelerating pace of development of on-going projects and by putting constant pressure on project authorities for expeditious completion of projects. Efforts are also being made to expedite supply of equipment by close follow-up with concerned Ministries and project authorities and land acquisition for coal projects through assistance of State Governments.

Industrial development in Andhra Pradesh

1539. SHRI PRABHAKAR RAO KALVALA: Will the Minister of INDUSTRY be pleased to state:

(a) the rate of industrial development in the State of Andhra Pradesh during the past three years;

(b) what is the Central Government investment in the industrial development of the State during the same period; and

(c) if so, what are the details of the investment made?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL DEVELOPMENT IN THE MINISTRY OF INDUSTRY (SHRI M. ARUNACHALAM): (a) According to the Annual Survey of Industries compiled by Central Statistical Organisation, the rate of growth in the value of output in Andhra Pradesh during 1980-81, 1981-82 and 1982-83 are as follows:
